**Wireless Network Registration Form**

CDNIS provides wireless network access on the school grounds for current staff and students. All wireless access points are **WPA enabled** which requires registration for access. WPA is an industry standard for security encryption of wireless networks.

To apply for wireless network access please complete all fields in the form below and hand it in at the **reception desk on 9th floor** for processing. If you need to register more than one device, please complete one form per device. The result of your application(s) will be emailed to your FirstClass account.
